Vibration Isolation Workstation has 650 lb max capacity.

Offering Class 100 cleanroom-compatibility, MK26 utilizes Minus K® negative-stiffness vibration isolators and comes with 30 x 36 in. or 36 x 48 in. tabletop in honeycomb or composite construction. Unit can be customized for various applications where external vibrations would adversely affect operation of sensitive equipment. Adjusted to ½ Hz natural frequency, workstation achieves 93% isolation efficiency at 2 Hz, 99% at 5 Hz, and 99.7% at 10 Hz.
